# THE MOTOROLA V525 QUICK START GUIDE

*In just a few minutes this Quick Start Guide will take you through some of the main features of your new V525.*

*We'll show you how easy it is to take pictures with the built-in digital camera, and send photos and sounds in MMS messages. You'll also be able to connect to Vodafone live! and the mobile internet, where you can download new ringtones, games, pictures and video clips.*

## Getting started

### 1. Insert your SIM card:

Press in the cover catch, and lift off the back cover. Lift out the battery.

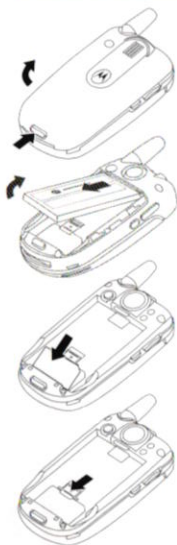

Slide your Vodafone SIM card (with the gold contacts facing down) into its holder, making sure that the cut-out corner is the right way round. Push the SIM lock in to hold it in place. Replace the battery and carefully refit the cover.

### 2. Charge the battery:

Before using your handset for the first time, charge the battery until you see [Charge Complete].

### 3. Turn it on:

Open the handset, then press and hold the red  key. (You do the same to turn it off again.)

## 1. USING THE HANDSET

Smart key

Voice Command key

Volume keys

 **End key:** Ends a call.

Takes you back to the Idle screen (in menus). Turns handset On/Off (press and hold).

 **Left Soft key:** Selects the command or icon shown in the bottom left of the screen (usually EXIT or BACK).

 **Menu key:** Brings up an Options menu when icon shown in bottom of screen.

 **Right Soft key:** Selects the command or icon shown in the bottom right of the screen (usually SELECT).

 **Send key:** Answers a call.  
Brings up Dialed Calls (in Idle screen).

 **Navigation Key: Press Centre** to select an item, OK a command, or take a picture. Goes to the main Menu (in Idle screen).

**Press Edges** to move around icons and menu lists. (In Idle screen: ◀ goes to New SMS, ▶ to Vodafone Shortcuts (Offline), ▶ to Call Log, and ▼ goes to your Contacts phonebook).

## 2. THE CAMERA

The V525's built-in camera lets you take a photo, save it, then send it to others at a mobile number or email address (see next page). You can also choose to Upload it to be stored in an internet album.

### Take and send a picture

#### 1. Go to Camera mode:

Go to the main Menu (press  in Idle mode), then press  again to select the **Camera**.

#### 2. Take a photo:

You can adjust the brightness by pressing  and . Press  and  to zoom in and out. Then press the Right Soft key  [CAPTURE] to take the picture.

#### 3. Save your picture:

To try again, press [DISCARD]. Otherwise press [STORE]. It will be saved in the **My Items** folder in the main Menu. (Choose **Store only** if you don't want to send it.)

#### 4. Send your picture:

Choose to **Send in Message** (see next page). (**Upload** (to Media Album) is available as well – see Section 6 of this Quick Guide for details.)

### 3. MMS (PICTURE MESSAGING)

*Your handset is already set up to send and receive MMS, but if you have any problems call your local Vodafone customer services.*

#### Create a Picture Message

##### 1. Create a new MMS:

Select **Messages** in the main Menu. Select **New Message**, then **New MMS**. This brings up the **Msg** screen.

##### 2. Write your message:

Use the keypad to write your message. The V525 uses a new way of speeding up text input called **iTap™**. Just press one key per letter – the rest of the word will then appear in grey. To confirm the word, press the **▲** key (or you can use the **◀** and **▶** keys then [SELECT] the word you want in the grey box). Otherwise, carry on entering the rest of the letters.

**Text tips:** For punctuation or other symbols, press **[. , ! @ # \$ % & \* ~]**. For a space, press **[ ]**. Press **[0-9]** to choose the upper and lower case options.

To change the type of text entry, press the **[#\*]** key to cycle through different Text, Numeric and Symbol modes.

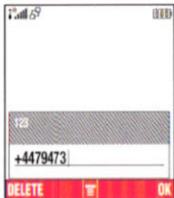

## Send your Picture Message

### 1. Address your message:

When you're happy with your message, press [OK]. This brings up the **Send To** menu. Select **One Time Entry**, which brings up the **To:** screen:

**Send to a mobile number:** Press , and choose the **123** (Numeric) option. Enter the number, then press [OK].

(If the receiving handset isn't Picture Message compatible, they'll be sent an email with a web address where they can see (and hear) your message.)

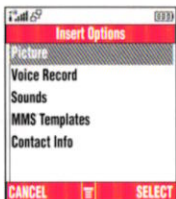

**Send to an email address:** Press , and choose **abc** (iTap). Enter the email address, then press [OK]. (Press and hold the 1 key to bring up the @ symbol.)

**Address Tip:** You can also choose a number or email address from your Contacts phonebook. Press the Menu key and select **Browse** in the **Editor Menu**. Press [OK].

### 2. Send your message:

In the **New MMS** menu, press [SEND]. (Try sending it to yourself to see how it works!).

Turn over for Vodafone *live!*, downloading, and more >>

### 3. Add your picture:

When you've finished the text, press the Menu key  for the **Message Menu**. Select **Insert Options**, then **Picture**. Scroll through your stored pictures to the one you want, and press [SELECT]. This takes you back to the **Msg.** screen, with your picture inserted.

### 4. Add a sound file:

Press the Menu key again, and select **Insert Options/Sounds**. Press [SELECT] to add the one you want and go back to the **Msg.** screen.

### 5. Add a voice recording:

Select **Voice Record** in the **Insert Options** menu to use the built-in recorder. Hold down the Voice key (on the right side of the handset) while you're speaking.

## 4. VODAFONE *live!*

*Vodafone live! is a mobile internet portal for information, downloads, games, music and services. Your V525 has a fast GPRS connection which can be 'always on' – which means no wait for dialling up. You only pay for data you send or get, not how long you're connected.*

### Connect to **vodafone live!**

Press the right soft key  (in Idle mode) to connect you to Vodafone *live!*. To exit, press and hold the red  key.

**Or link directly to Vodafone live! services:** In the main Menu, select **Vodafone live!/Web Shortcuts**, and choose your service:

**Games:** Online fun and games to download...

**Ringtones:** Download music, sounds and ringtones.

**Pictures:** Download images, animations and background wallpaper.

**Search:** Find what you need in Vodafone *live!*

**Find & Seek:** Get the local information you need, wherever you are.

**News:** Get the latest news reports and weather forecasts...

**Sport:** News, results and latest scores (with pictures).

And there are many new Vodafone *live!* options appearing all the time.

*Use the navigation keys to highlight the icon of the service you want, then press [SELECT] to open that page. Press [BACK] to go back a page.*

**Press the Menu key  for the Browser Option menu.**

## 5. DOWNLOADING

Personalise your new handset by downloading new ringtones, games and background wallpaper from Vodafone live!. All downloads are stored in the My Items folder in the main Menu.

### Download more

#### 1. Download a new ringtone:

Go to **Menu/My Items/Sounds** and choose **More Sounds**. Choose a ringtone and follow the instructions to download it.

To activate your ringtone, go to **My Items/Sounds**. Highlight the ringtone, press the  Menu key and select **Apply as Ring Tone**.

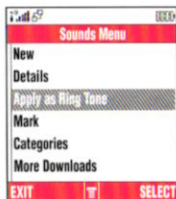

#### 2. Download new background wallpaper:

For new wallpaper, go to **Menu/My Items/Pictures/More Pictures**. Choose an image and follow the instructions to download it. Then go to **My Items/Pictures**, select your downloaded image and choose **Apply as/Wallpaper** from the  menu.

#### 3. Download new games:

To add more games to your handset, select **My Items/Games/More games**. Choose a game to download, and you'll find it in **My Items/Games**.

## 6. OTHER SERVICES AND FUNCTIONS

*There are now more new services from Vodafone that your V525 can use.  
(Check your local Vodafone website for more details).*

### Upload to an internet album

#### 1. Upload to Media Album:

The upload to album service moves pictures or MMS messages to an online album. This helps to clear space from the handset's memory.

From the Main menu go to **My Items/My pictures**, select the picture you want and choose **Media Album** from the **Pictures** menu. Then press [OK] and [SEND].

(You can use the same process to upload MMS messages from your Message Inbox or Outbox in the **Messages** menu.)

#### 2. View Album:

To see your album on the Vodafone live! portal, go to **My Items/Pictures** and choose **Media Album**.

You can also log in to your homepage on your local Vodafone website and select the **Media Album** option. (Note: the Upload service is not available in every country.)

## More tips & tricks

### 1. Silent and Vibrate modes:

To cancel the ringing tone, press the Down section of the Volume key (on the left side of the handset). You'll see the number of bars in the **Ring Style** menu get smaller, then the handset goes into **Vibrate** mode, then **Silent**. Press the Volume key Up to return to ringing mode.

### 2. Ring modes (External display):

You can also adjust the ring mode with the handset closed. Pressing the Volume key brings up the **Ring Style** menu on the external display. Pressing the Smart key (just below the Volume key) then cycles through **Loud/Soft/Vibrate/Vib & Ring/Silent**.

### 3. Handsfree mode:

During a call, press [SPEAKER] to activate the internal speakerphone. Press it again to return to normal.

### 4. Bookmarks:

When you're viewing pages on the mobile internet (such as Vodafone live!), you can bookmark a page so that you can quickly return to it another time. Press the  Menu key to bring up the Browser **Options** menu, and choose **Bookmark**.
